PRIZE WINNING FLOWERS

The pleasure and satisfaction you derive from raising flowers is in direct proportion to the beauty and size of the blossoms you produce. We here at this Nursery know you must have good stock to produce lovely flowers. We believe that when you go to the trouble to plant and care for flowers, you should have stock that will reward your efforts.

Every single Pfeiffer plant or bulb is of prize-winning quality that will give you larger blooms of more brilliant coloring and luxurious foliage than just ordinary "garden varieties."

"Pfeiffer Quality" has gained a national reputation. Orders from our patrons have been more plentiful this past season due to their success with Pfeiffer propagated bulbs and roots. Pfeiffer's have always felt that satisfied customers are their best advertisers.

Volume production has made it possible to lower prices on many items, and to offer many attractive bargain collections in the different plants and bulbs.

The location of the Nursery at Winona is especially favorable as the soil of the Mississippi Valley is such a combination of soils that plants grown here do well in practically all soils. They grow fast and are unusually hardy since the winter seasons are severe and the growing seasons short. These conditions are in part responsible for the excellent success flower lovers in all parts of the country have with Pfeiffer's Prize-Winning Quality Stock.

L. E. PFEIFFER

Son of C. A. Pfeiffer, who has been in this business 29 years with his father, working and helping to increase the Pfeiffer reputation for quality.

C. A. PFEIFFER

Founder of the Pfeiffer Nursery. Specialist in the propagation of Peonies, Iris and Gladiolus bulbs.

Delphinium

Perennial Larkspur

Indispensable to the herbaceous garden. Their long showy spikes of flowers bloom from June until frost in the fall; and furnish the most satisfactory blues to any color scheme.

BELLADONNA. The most continuous blooming of the Delphiniums. Color is a clear turquoise-blue. Very beautiful and fine for cutting. 2 year clumps. 25c each; 3 for 60c

BLEEDING HEART

DICENTRA SPECTABILIS

This old-fashioned flower is still a favorite with everyone. Its long racemes of graceful, heart-shaped, pink flowers are always attractive. It blooms early, and here in Minnesota is always in bloom for Memorial Day. It is equally effective as a cut flower or a border plant, and after the flowers are gone, the cut-leaved foliage lends a pleasing effect in the perennial planting.

Strong plants 50c each; 3 for \$1.25

BABY'S BREATH

GYPSOPHILA BRISTOL FAIRY

This new, extra large, double Gypsophila has great vigor, and produces much larger flowers than the ordinary variety. It grows about two feet high, and will bloom almost continuously if the flowers are picked. It is unsurpassed in mixed bouquets or will produce a pleasing effect in the border. It does well anywhere.

Strong 2 year roots - - 75c each; 3 for \$2.00

PHLOX SUBULATA

PHLOX Subulata (Moss Pink). Low growing Phlox, flowering in May. Valuable in the rock garden, or edging around borders. White, rose and lavender, any color. 25c each; 3 for 65c; \$2.50 per dozen.

PFEIFFER'S FAMOUS *Peonies*

20,000 Plants Offered at Half Price

When we finished filling all our orders for Peonies last fall, we had a surplus left over of nearly a hundred varieties. We decided to plant about half of them and save the balance for sale this spring.

We are offering these to you at a real bargain. Prices have not been boosted and then cut in half. They all are the regular low prices quoted in last fall's catalog, but the half price sale is for the following list only.

All plants are large selected roots with from 3 to 5 eyes or more, and many of them will actually bloom two months after planting.

Fall is usually considered the best time for planting Peonies, but many years of experience have convinced us that Peonies dug and divided in the fall and kept in cold storage all winter as these have, can be planted with equal success in the spring.

All Peony plants offered are in our cold storage cellar and can be shipped any time you want them. The earlier you get them planted, the better.

NOTICE:—All spring Peony Offers expire May 15th, 1938.

HOW TO ORDER

Order your Iris, Peonies, Phlox, Gladiolus, Dahlias, Lily Bulbs, etc. NOW, and you will receive them at the proper time for planting, or when instructed to ship, except as noted below.

We advise early ordering because we are not Jobbers. We grow our own stock, and when we have sold out on any variety we can no longer fill orders for it.

We recommend our Collections. They are real bargains, and being thoroughly familiar with all the different varieties, we are able to group them to the very best advantage for you.

All early orders are reserved immediately, thus insuring you against any possible disappointment in not receiving exactly what you want.

Orders for Gladiolus and Dahlia Bulbs, Peonies, and Lilies can be filled any time, but as the other plants are out in the field, we can not dig

and ship them until Spring arrives in Minnesota, usually about April 1st.

Postage or Express charges on orders of \$1.00 or more are prepaid to any point in the United States when cash in full is sent with your order.

Please send remittances payable to THE PFEIFFER NURSERY, by Bank Draft, Postal or Express Money Order or enclose cash. On orders for less than \$1.00 please add 15c for Postage.

C. O. D. Shipments C.O.D. orders must be accompanied by 25% of the total amount of your order. Don't overlook this requirement. Because C.O.D. shipments are sent with Collection Charges collect from the purchaser, the cost to you is higher than by sending remittance in full with your order. It is cheaper for you and better for us, as it means less detail and clerical work, more prompt handling of your order and quicker arrival at destination.

**"BETTER GARDENING — WHAT,
WHEN AND HOW TO PLANT"**

By HARRY R. O'BRIEN

A complete handbook for the home gardener by one of the outstanding authorities in the country.

We will mail this book to any address in the United States upon request and receipt of 10c. Or if your order from us amounts to \$2.50, we will gladly send the book FREE IF YOU REQUEST IT.

FREE PLANTS and BULBS

If you have two or three friends or neighbors who you are sure never have received our catalogs or bargain sheets, and who you think might be interested in the bulbs or plants we grow, we will be very glad to give you free, some gift plant or bulbs (our selection), if you will enclose their names and addresses when you send in your order.

READ ABOVE INSTRUCTIONS CAREFULLY
BEFORE FILLING OUT THE ORDER BLANK.

Before sealing be sure your name and address are written plainly.

Magnificent *Iris*

Iris are one of the most popular of all hardy Perennials. They combine more good qualities than any perennial available to your garden. They are inexpensive, extremely hardy, thrive well with a minimum amount of care, can be had in the widest range of color imaginable, can be grown almost anywhere, but do best in a well drained sunny location in medium loose mellow soil.

We have one of the finest plantings of Iris we ever grew, and are listing about 100 of the more popular varieties. Many of the varieties we are offering now at 2 for 25c were listed as high as \$5.00 each just a few years ago.

The Dwarf varieties are excellent for border plantings or in rock gardens, and the Siberian varieties will do well near a pool or in the rear of a border.

All our plants are growing out in the field and orders for them now will be filled just as soon as the frost is out of the ground. Plant them this spring and you may expect many years of pleasure from them.
